NANTES, FRANCE, September 24.—
The British steamer Montrose from Quebec, is ashore in the River Loire, with the stoke hold full of water.

The Montrose is the steamer that carried Dr. Harvey H. Crippen, the London wife-murderer, on his flight to America in July, 1910. Her captain is H. G. Kondall, who was in command of the Empress of Ireland, when she sank in the St. Lawrence last May. After being cleared of responsibility for this disaster, Captain Kendall was sent back to the Montrose, which he had cahrge of when Crippen was arrested aboard her off Father Point. The Montrose, it is supposed, was in French water as a military transport.
